

A GUIDE TO THE NOVA SCOTIA VIRTUAL SCHOOL

Classes have a maximum
25 students

Each school has a contact teacher who will provide supervision, and ensure that students have a space to work, and course materials.

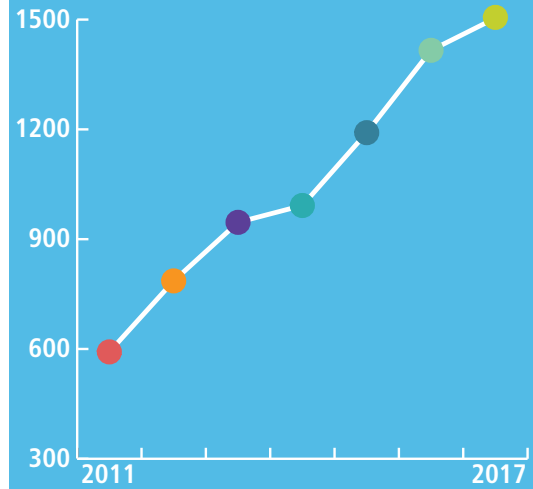

NSVS offers more than
50
courses as well as more than
20
courses through CSAP

Students will spend approximately one hour online each day in their NSVS course during the block they have the course.

Annual Student Enrollment

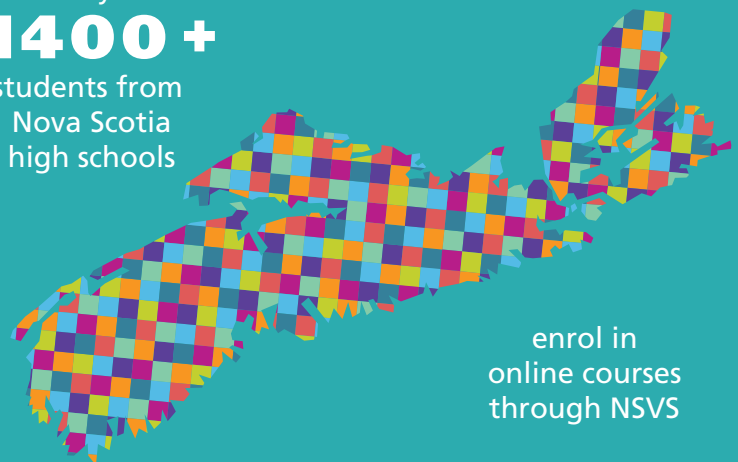

Students will attend weekly e-chats (video conferencing) with their teacher and fellow classmates.

NSVS Moodle is a learning platform designed to provide educators, administrators and learners with a single robust, secure and integrated system to create personalised learning environments.

Each year
1400+
students from
Nova Scotia
high schools

enrol in
online courses
through NSVS
